DRE URGING ALL LICENSEES TO SHARE THEIR EXPERTISE BY TAKING INDUSTRY SURVEY

Earn three hours of continuing education credit by helping update California's real estate licensing exams

SACRAMENTO – California's more than 434,000 licensed real estate agents all have important knowledge and expertise about the job requirements of our state's licensed real estate professionals.

With that in mind, the California Department of Real Estate (DRE) is urging all licensees to share that knowledge with us. DRE has partnered with PSI to conduct a job analysis survey. The information we gather will be used to update the state's two real estate licensing exams.

As a thank you for completing the survey, DRE will give licensees three hours of Continuing Education-Consumer Service credit.

Licensees should be sure to put their name, DRE license number, and an email address at the end of the survey to receive the credit.* All survey responses are confidential.

The survey should take between one and two hours to complete. Licensees can take the survey on either a desktop or laptop computer, a tablet, or a smartphone. The survey doesn't need to be completed in a single sitting but must be started and finished it on the same device.

To save responses, users should be sure to finish a page and select "NEXT".

Please complete the survey by November 8, 2023.

* Continuing Education Credits may take approximately 4-6 weeks to issue.
